Mekane Yesus Seminary Bible Translation Training

With your help, the next generation of Bible translators is well on its way to bringing God's Word to the people of Ethiopia!

Due to COVID-19, students at the Mekane Yesus Seminary completed their second year second semester courses online. Enthusiasm for the program—combining studies in theology and translation—is growing. Bible translation agencies believe the program will positively impact their work within Ethiopia. This is reflected by the number of new students recruited from active translation projects for the next seminary class.

Construction on the new seminary building continues, though shortages of key materials slowed progress. Projected completion is Fall 2021.

Mekane Yesus

PROGRESS

- Second year students completed courses online.
- New students recruited from active translation projects.

GOALS

- Create internship program.
- Continue second phase of recruitment.

PRAYERS

- Pray for good health for students and staff.
- Pray for continuing progress on new building construction.

- TEAM**
- Rev Dr. Bruk Ayele Asale, President
 - Staff and faculty of MYS
