Literacy and Scripture Engagement

With your help, the Kissi community is embracing God's Word!

As some COVID restrictions were lifted, the Kissi literacy program expanded with the addition of five new literacy centers. A workshop to train group leaders resulted in the establishment of four new listening groups, providing people with the opportunity to hear Scripture in their language. Radio programming is reaching remote communities, raising awareness and interest in receiving the Gospel.

The ongoing construction of the Kissi literacy office stimulated further interest in learning to read within the community. Local churches are also promoting literacy and encouraging the use of Kissi Scripture.

Thank you for your prayers and support. The Kissi literacy staff have renewed energy and commitment to share God's Word through the language they understand best.

Kissi

PROGRESS

- Classes interrupted by COVID-19 have resumed.
- The literacy program expanded.

GOALS

- Conduct refresher workshops for veteran literacy teachers.
- To complete next stages of construction project.

PRAYERS

- Give praise that most literacy centers have resumed normal activities.
- Pray that failing office equipment can be repaired or replaced.
- Pray that funding is sufficient to complete office construction.
