Khwedam Bible Translation

PROGRESS

- The translation of the Panoramic Bible is nearing completion.
- Khwe literacy classes have been very successful and fueled excitement for the translation project.

PRAYERS

- Pray the Holy Spirit continues to fill the translation team with passion and joy.
- Pray the typesetting process goes well.
- Pray more Khwe speakers engage with Scripture.

Translation of the panoramic Khwedam Bible—portions of both the New and Old Testaments offering a broad view of God's story through Scripture—is nearing completion. Thank you for your support! The vitality of the language is growing, and the Khwe people are empowered through their new Christian relationship with God.

The translation team began preliminary steps to prepare for typesetting. Tentative plans are to print and distribute the panoramic Bible before the end of 2022.

The Khwe community has repeatedly stressed a desire to read their own language. A renewed emphasis on literacy began in 2021 using existing Scripture materials. Planning is underway to develop more Scripture engagement resources, including printed and audio Scripture. The resources will be made available at multiple Bible dedication celebrations later this year.
