### Komba

### Komba Old Testament Translation

#### PROGRESS

- Numerous books have been team reviewed and are ready for consultant checking.
- Faith is growing as the Komba turn to God to meet challenging situations.

#### PRAYERS

- Pray for good health for team members and the Komba people.
- Pray the Komba community will continue to find strength and hope through God's Word.
- Pray there will be no further issues or delays as the translation process grows nearer to completion.

Thank you for your prayers and support of the Komba Old Testament translation.

Christianity came to the Komba less than 50 years ago. These first and second-generation believers have recently dealt with several situations that would challenge the faith of many Christians. With God's help, the community has remained strong, supporting one another as they find comfort and hope through Scripture.

Progress continues on the Old Testament. Checking for word and grammatical consistency has been completed on several books. Consultant checking on a number of other books has been delayed due to illness and scheduling conflicts. Still, the team remains enthusiastic and committed as the Komba look forward to having the whole Bible in their language.
