#### PRAYERS

- Praise God for the completion of the book of Genesis.
- Pray for continued health of the Bandi translators.
- Praise God for the continued growth of the church among the Bandi.

Thank you for your prayers and support! The progress listed shows which books of the Bandi Old Testament are in the 4 stages of translation projects with Lutheran Bible Translators.

1. Drafting – completed by a translator
2. Team Review – completed by a team of translators
3. Community Review – checks for clarity and acceptance among the language community
4. Consultant Review – ensures the meaning of the original message is in the new translation

All of these steps, and the gifts given to pay for the steps, ensure that the new translation in the language of the people is accurate, beautiful and clear. Each stage may result in edits and changes to the draft. Translation is a lengthy process, but time and attention to detail are important.
