Waria Multi-Language Project

PROGRESS

- Zia team drafted over 568 verses from Genesis
- Suena team drafted over 570 verses from Genesis
- Yekora team drafted over 688 verses from Genesis

PRAYERS

- Praise God for support from the Bible Translation Association (BTA) office, which provided housing, workplace, and encouragement.
- Pray for God to provide a workplace in the Zaka mission station.
- Praise God for the fellowship of translation teams and pray for their encouragement and collaboration to continue.

Six languages, one goal: put God's Word in their hands. This quarter, the Zia, Suena, and Yekora teams met in Ukarumpa, Papua New Guinea to continue training in translation skills. The teams were encouraged and supported by both the Bible Translation Association PNG and each other. The result - all three teams surpassed their translation goals!

The languages in the project are related, which means teams can help each other with key terms and translation challenges. Teams must travel hundreds of miles through jungles and mountains to meet. Creating a workplace at the Zaka mission station in the future will allow translation teams to remain closer to their language areas when training and reviewing translations. Safety and translation speed will improve. Please continue to pray for God to bless this future effort.
