COUNTRY  
**United States**

### Training

### New Missionary Training

#### PROGRESS

- Attended Concordia Mission Institute
- Worked through the Learning Management System
- Reading and discussing "Translation & Community Engagement" handbook
- Rev. Tim Schulte taking first course from Dallas International University

#### PRAYERS

- Pray for Rev. Tim Schulte's online course in Scripture Engagement from Dallas International University to provide insight and growth.
- Pray for Tiffany Smith as she completes studies and prepares to enter the field.
- Pray for Training Coordinator Eshinee Veith as she evaluates and implements missionary development.

Your support is vital to missionary health and preparedness.

Training Coordinator Eshinee Veith is dedicated to developing effective, personalized training. "We train people for the job they will be doing based on the context we're placing them in." Rev. Tim Schulte is just beginning; Tiffany Smith is nearing completion. Both completed training in the Learning Management System (LMS), self-paced resources organized into categories:

- Professional - tasks of different Lutheran Bible Translators' roles.
- Practical - cooking overseas, maintaining hobbies, nurturing third culture kids, etc.
- Risk & Safety - self-defense, personal security, first aid, etc.
- Partnership Development - communicating with ministry partners, public speaking, etc.

The LMS is one piece of many years of preparation. Tiffany will depart soon for Tanzania, but she can continue to use Eshinee as a resource. Thank you for making this possible.
