Yala Language Development & Bible Translation

PROGRESS

- 1 Chronicles drafted
- Proverbs and Hosea 1-6 team and consultant checked
- Literacy seminars held monthly

PRAYERS

- Pray for good attendance at the literacy seminars.
- Pray for Yala leaders to recognize the value of God's word in Yala.
- Praise God for the impact of the revised New Testament and Psalms used in worship.

Steady progress in the Old Testament continues. The translation team finished the draft of 1 Chronicles. Both the team and translation consultant completed checking of Proverbs and Hosea 1-6. Translation is a lengthy process and requires going over the same books many times to ensure the new translation is clear, accurate, and beautiful. Your gifts keep this process working smoothly. Thank you.

The Yala literacy seminar in May was small but successful. Numerous other events in the area led to poor attendance. But encouraging reports about the impact of the revised New Testament Scriptures and Psalms being used during church services brought the team joy! The impact of hearing God's Word in Yala is far more meaningful than in English.
