THE DTA IN THE EVANGELICAL LUTHERAN CHURCH in Cameroon (EELC) coordinates communications for Bible translation, literacy, and Scripture engagement programs. DTA staff evaluates each program's budget, assesses financial activities, and evaluates and responds to local literature centers' needs.

Current funding is not adequate to cover the expenses of the services needed. Additional training is needed for assisting projects and circulating translated Scripture. Phone apps and audio Scripture players will reach even more people.

The work of the DTA is vital if the people of Cameroon are to grow in grace and knowledge of their Savior. The Scripture materials produced today will continue to be available for the benefit and education of generations to come.
